

## Power and Constituent Engagement

Please take a few minutes to personally and quietly reflect on the following questions. We encourage you to record your thoughts.

- In what ways do you personally have power in the organization?
  
  
  
  
  
  
  
  
  
  
- In what ways do you personally have power over your clients/participants?
  
  
  
  
  
  
  
  
  
  
- Why do you have the power you have?
  
  
  
  
  
  
  
  
  
  
- In what ways could this power be shared with your clients/participants?
  
  
  
  
  
  
  
  
  
  
- What might change if clients/participants had more of a say in your agency?
